

23 MEDIMED, The European Docs Market, Sitges, October 13—16, 2022

Liebe Kolleginnen und Kollegen,

Der Co-Production event Medimed hatb ein neues Pitch Format entwickelt. Es werden aus Deutschland Produktionsfirmen gesucht, die Interesse an möglichen Co-Produktionen mit Ländern mit niedrigem Produktionskapazitäten haben.

Die Teilnahme findet Online statt. Sie ist kostenlos.
Weitere Informationen, und Anmeldung siehe unten.
Es ist nicht notwendig, dafür bei der MEDIMED akkreditiert zu sein.

Lg Björn

NEW PLAYERS PITCH:

MEDIMED DOC MARKET is willing to offer innovative opportunities to give market-entry chances for compelling projects from Low Production Capacity Countries and other excluded groups.

To structure this commitment a new activity was introduced last year:

NEW PLAYERS PITCH: This section pairs producers from under-represented regions and a selection of experienced independent producers. The aim is to build new professional networks that can be beneficial for both parties.

I am inviting you to be part of the select group of European producers that will attend an **online pitching-panel** to know more about a selection of 12 projects in development from nine different countries, seeking international co-production on **Tuesday 11 October from 10:00am to 1:30pm on Zoom.**

The session will be moderated by John Marshall and it will be less formal than the usual pitching formats. Only professional producers are invited to join.

If you decide to join us, send an email to medimed@apimed.org before September 30th.

You will receive the information on the selected projects dealing with genres such as: ARTS AND CULTURE, SOCIETY AND HUMAN INTEREST, SCIENCE and CURRENT AFFAIRS 10 days prior to the event.

After the project presentations, you will have the opportunity to meet the teams of those projects that may be of your interest for a possible co-production or future collaboration.

The MEDIMED team will arrange the online meetings for you.

Please, let us know if we can count on you for this very unique initiative that is willing to forge professional relationships across countries.

Thank you for your collaboration.

The MEDIMED team
